Here are a few testimonials –

“The resident care staff takes care of me in such a tender and loving manner that I feel like I am surrounded by many loving grandchildren!” ~Virginia King

“The Wilson family would like to express our heartfelt thanks to the nursing/aide staff who cared for our mother daily as well as Administration and Management for the love they showed her everyday. Although she was only at Hilton East a couple of years, we were very grateful for the good care and much kindness shown during this time. She was special to us, and you make us feel she was special to you.” ~The Wilson family
