

Why Choose Hilton East?

~ Service and Value ~

We provide almost double the mandated New York staffing regulations and we offer the most care of any assisted living community for the lowest cost in Monroe County.

~ Seven Steps to Total Living ~

Our wellness program focuses on the whole person. Governed by a seven-point guideline, it includes the physical, intellectual, emotional, spiritual, social, occupational, and environmental aspects of living. We believe that residents' smiles and aides' friendliness show that our community is providing an enjoyable and comfortable lifestyle for our residents.

~ Assisted Living Licensure ~

Other communities using "Assisted Living" in their name may not meet the requirements as issued by the State of New York for an "Adult Home." Many communities licensed as "Enriched Housing" offer much less service and care. They are not required to provide 95 hours of recreational activities, nor are they under direct supervision of the state. As a licensed facility, we provide more than the mandated recreational activity hours and are required to meet state guidelines for medication management, resident care management, food service regulations, and mandatory staffing.

~ An Outstanding Reputation ~

We have room for over 200 residents, making us one of the largest assisted living communities in Monroe County. We work closely with Unity Hospital. Most people who come to our community have been referred by either a social worker or another friend.

~ Personalized Care ~

Resident needs vary. Upon admission and throughout their stay, we assess individual needs and adjust care plans accordingly. In dietary, we offer special diet plans and substitute meals. In recreation, we interview residents to determine the activities they enjoy and then implement meaningful events for them. In resident care, we keep a special journal noting the well-being of each resident in a daily effort to meet their specific needs. All with one purpose in mind; we want them to feel loved. Virginia King, a former resident of Hilton East for ten years stated, "The resident care staff takes care of me in such a tender and loving manner that I feel like I am surrounded by many loving grandchildren!"

~ A Perfect Location ~

Hilton is a peaceful and safe neighborhood for residents. With Salmon Creek, spacious grounds and beautiful landscaping serving as our backdrop we are within walking distance of two mini-plazas, several eateries, small shops, the library, banks, post office and more. Hilton is only a short drive from Greece Ridge Mall and other attractions.

~ A Beautiful Facility ~

Our community is set on six acres of open land. Our Community, built in 1974, has been updated and well-kept to provide residents a warm and homey setting. It includes a private dining room for family and guests, an open lounge area, gift/snack shop, chapel, recreation room, dining room, movie center, craft and ceramics room, barber/beauty shop, as well as an open-air courtyard that provides a great place to sit back and relax on those beautiful spring mornings.

~ Dedicated Staffing ~

Our staff has a track record of quality care that spans decades. In a recent survey, our residents overwhelmingly stated that our aides are responsive, reliable, and display a positive attitude. Our administration team works with families to make sure that mom/dad are receiving the personal care they need.

~ Positive Survey Results ~

Our Resident Satisfaction Survey shows that the residents are enjoying their lifestyle at Hilton East. Over 94% say they would recommend us to a friend and 97% say that Hilton East provides them with a social environment that allows them to make friends quickly and enjoy many recreational activities.

**Extraordinary Care for
Extraordinary People!**
